

We're on our way and we want to hear from you!

We want your feedback on how we propose to deliver hospital services in Vaughan and your ideas on how to overcome barriers to accessing health care for the residents of Vaughan, now and well into the future.

At this consultation we will present information on what services could be provided to meet the needs of the Vaughan community. We will advise you on the planning to date, and seek your input to assist us to identify appropriate hospital services for Vaughan.

We will also update you on the next steps in planning for a future hospital in Vaughan.
